AVENUE OF HONOUR GETS AN UPGRADE

MRAG through a grant from the federal government's Stronger Communities Programme has been able to honour the Millgrove defence personnel who enlisted in the first and second world wars on two additional signs.

Also each of the six special ave of honour trees now have three signs around each of them to honour the Army, Navy and Airforce. Lest we forget.

Photos of new signs at the entrance and the three defence force signs around each tree.

WOODY SWAP and GO - CART

A new service is being offered by MRAG.

Next to the Cheese Shop in front of the old house, you will see a wood trailer with an old-fashioned cart on it, starting initially on Wednesdays and Saturdays.

The purpose is to provide useful items for people to take and for others to drop off spare items for others.

“Take what you need

Give what you can”

We hope this reduces waste and encourages reuse, it can be long life foods, clothing, magazines, books, etc.

YOUTH HANG OUT IN THE OLD BARN – CALLED BUSSELLS BARN
